

Close To You  
Michael Prins

[Intro]

G Bm C D

[Verse 1]

I didn't change my name for good luck, it just happened to be mine  
Didn't ask for any reason or any of your time  
I don't need your advertising, I don't seek for diamond eyes  
I don't fit in your perfection, I don't fit into your life  
But to you my darling, for you I'd truly sing  
For you my crazy babe, I would do just anything  
Just to get close to you

[Instrumental]

Am - C - D/F# - G - D

[Verse 2]

And the other night you made me dance but now I act insane  
I try to find a reason and I try not to be strange  
And I think that it's funny cause I'm nowhere near like you  
You made of me a villain, oh but maybe that's more true  
And I'm searching for my pride again  
As I'm haunting for your eyes again  
But you're nowhere to be found tonight  
Still I wait in every morning light  
So until that day is mine

[Verse 3]

So is it me the one who is out of sight, or am I running out of time  
Do you want to see me prisoned, yet to guard you through the night

**G** **Bm**  
 Is your vision to be save and told that everything s alright  
**C** **D**  
 When the whole god damn world knows about the danger of this tide  
**D/F# G C**  
 Well then I would come back for you,  
**D/F# G C**  
 yes I would come back to you  
**D C D/F#**  
 Knowing you would walk away,  
**D C D/F#**  
 knowing you would walk away  
**Am C G D**  
 As soon as you were saved

[Verse 4]

**G** **Bm**  
 And then you might not well remember me, or act like you re surprised  
**C D**  
 When everyone s surrounding you, but darling that don t mind  
**G Bm**  
 Just turn around and look at me when you pass me in the aisle  
**C D**  
 I still hold a thousand doors for you, just to talk to you  
**D/F# G C**  
 so I, could get close to you v  
**D/F# G C**  
 And why won t you see me through  
**D C D/F#**  
 Knowing I would never leave  
**D C D/F#**  
 Knowing I would never leave  
**Am C D/F# G D**  
 So until that day is mine,  
**G**  
 darling I would wait for you  
**Bm**  
 I would wait for you,  
**C**  
 I would wait for you  
**G**  
 And why won t you see me through,
