(I sing this in F#M [F#m D E])

[intro **Bm G Bm G** (2x)]

[Verse 1]

Bm **G**
All my life I spent, running from my fears

A **Bm**
Away from all the pain, the pain that I ve left behind
There s wounded everywhere, but I m to hard to care
They melt into the face of who I trust in

[PreChorus]

Bm **A** **G**
I am beat, and I m so tired of trying
Bm **A** **E**
For a chance to earn grace all alone

[Chorus]

Bm **Em** **A** **D**
I am stone, I m smiling, living, loving, dying
Em **A** **Em**
â€œ There ain t much more than what you can see
Bm **Em** **A** **D**
Deep inside I m crying, for what I keep denying
Em **F#m** **Bm**
For that s the very thing that sets me free

[Verse 2]

I waste so much time, feeding on self pride
My own depravity is all that I can see
So then I try to hide, the clothes of skin Gods made
I lay them on a shelf, and slowly they fade

[PreChorus]

I am beat, and I m so tired of trying
For a chance to earn grace all alone

[Chorus 2x]
