

Daily Routine

Michael Trent

Its not perfect and you ll probably have to exercise some creativity (God forbid) to make it sound better, but he doesn t give much to work with in the original. And its a good song and deserves to be on here. Enjoy!

C **G**
Woke up with the phone next to my head

F
By the time I get around to gettin out of bed

C **G**
She ll be half way through her daily routine

C **G**
Shoes, shirt, jacket, coffee, keys, cigarette

F
Out the door with a lazy swagger in my step

C **G**
Keep my momentum and try hard not to lose steam

F **C**
And while she s dreamin bout the ocean

F **C**
I will be dreamin up a plan

F **C**
To keep these wheels in constant motion

F **G** **C**
And in the mean time we ll just do what we can

C **G**
So I crossed the bridge and punched a clock

F
Hit the wall pretty hard about two o clock

C **G**
I start thinkin bout where I d rather be

C **G**
Cuz I been gettin pretty good at gettin all worked up

F
It used to be that I just never really gave a fuck

C **G**
Now all these little things weigh so heavy on me

F **C**
And while I m tyin on another
F **C**
She s tyin up all her loose ends
F **C**
It makes me think about my brothers
F **G C**
And how I wish I was closer to them

Oooh, oooh, oooh
Oooh, oooh, oooh, oooh, ah ah ah

C **G**
So now I m stumblin home through the park
F
I hate the weather and how early it gets dark
C **G**
But summer s comin like some long holiday
C **G**
What she needs is some sunshine on her face
F
A change in temperature, change of pace
C **G**
Come on honey you ve been so, so far away

F **C**
You just keep dreamin bout that ocean
F **C**
And I swear I ll dream us up a plan
F **C**
To keep these wheels in constant motion
F **G C**
And in the mean time we ll just do what we can
F **G C**
In the mean time we ll just do what we can
F **G C**
In the mean time we ll just do what we can
