```

```
Am               C             G           D
Must ve counted twenty thousand cold county lines
Am               C             G               D
Nothing here to get my weary soul through the night
Am       C       G             D
Hold me, hold me, put me back together baby
Am               C       G             D       Am
Show me that you want me, feels so good together
```

```
C            D*                    Em
 Every single fire started with a spark
             (Em)                            C
 We can feel it burn when we re dancing in the dark
                 D*                   Em
 Take me in your arms before I fall apart
         (Em)                         C
 Baby we re a fire that started with a spark
     D*      Em                C          D*      Em (let ring)
 Oh oh oh oh, started with a spark, oh oh oh oh
```

```
Am                        C               G              D
Must have dreamed you on this highway nine a billion times
Am                    C             G        D
While I m counting miles of pavement left to sky
Am        C      G           D
Hold me, hold me, angels on the skyline
Am        C       G             D        Am
Bring me to you, bring us back together

C               D*              Em
 Every single fire started with a spark
              (Em)                        C
 We can feel it burn when we re dancing in the dark
              D*              Em
 Take me in your arms before I fall apart
           (Em)                  C
 Baby we re a fire that started with a spark
      D*    Em            C          D*    Em
 Oh oh oh oh, started with a spark, oh oh oh oh

        Am              Em
And my head knows the world turns
      G             D*
But my heart wants to stop
          Am          Em
I ve been running in circles
     G          D*    Am
Now I know what I want

C               D*                Em
 Every single fire started with a spark
              (Em)                        C
 We can feel it burn when we re dancing in the dark
              D*              Em
 Take me in your arms before I fall apart
           (Em)                    C
 Baby we re a fire that started with a spark

        D*                Em
 Every single fire started with a spark
              (Em)                        C
 We can feel it burn when we re dancing in the dark
              D*              Em
 Take me in your arms before I fall apart
           (Em)                    C
 Baby we re a fire that started with a spark
     D*    Em            C          D*    Em (hold)
 Oh oh oh oh, started with a spark, oh oh oh oh
