

You Get Me

Michelle Branch

this is a pretty simple version of this song
ive always played it this way and it sounds accurate
michelle branch

you get me

D **A**
so im a little left of center

Bm **A**
im a little out of tune

G **Em**
some say im paranormal

Em **A**
so i just bend their spoon

D **A**
who wants to be ordinary

Bm **A**
in a crazy mixed up world

G **Em**
i dont care what their sayin

Em **A**
as long as im your girl

(BRIDGE)

Em **A**
hey, you were on my side

Em **A**
they, they just rolled their eyes

(CHORUS)

D G Em A
you-ou get me

D G
when nobody understands

Em **A**
you come and take the chance (baby)

D G Em A
you-ou get me

Em
you look inside my wild mind

A
never knowing what you ll find

Em
still you want me all the time

A
yeah, you do

D
cause you get me

(same progression as beginning)

so what if i see the sunshine

through the pouring rain

some people think im crazy

you say its ok

you ve seem my secret garden

where all my flowers grow

in my imagination

anything goes

(bridge progession)

i, i am all you want

they, they just read me wrong

CHORUS

solo **A-Em-G**
(im not so sure about this solo...
but it ll work if you cant figure it out)

hey you were on my side

they they just rolled their eyes

(pause) yeah yeah yeah

D G Em A
you-ou get me

D G
when nobody understands

Em A
you come and take the chance (baby)

D G Em A
you-ou get me

D G Em
when none of the pieces fit

Em A
you make sense of it

D G Em A
you-ou get me

Em
you look inside my wild mind
