

**Bawnafinny Hill**  
**Mick Flannery**

This song is only available off iTunes when you buy the whole Red to Blue album, there are three bonus tracks and this is one of them I would recommend buying the album off iTunes for the sake of getting the three extra tracks cause they are brilliant.

He pick s this song on his acoustic guitar but there s nothing complicated about it so i ll just put the chords down, if you listen to it you ll get the rhythm.

Verse:

**E** **B**  
I m gonna put a house up on Bawnafinny Hill,  
**A** **B** **E**  
I won t have no telephone and I won t pay no bill.  
**E** **B**  
I m gonna gaze across on the graveyard field,  
**A** **B** **E**  
And I might take you walking by the old abandoned mill.

**B** **E** (**Eb**)  
And only my very best friend,  
**G#m** **A**  
Will be able to get past my dog.

Chorus:

**F#m**  
So give me my, give me my,  
**F#m** **E** **E**  
Give me my money, I wanna get on-n, on-n.

Verse:

Well i ve been a rover and I will always be,  
I never found nowhere to feel like home to me.

I m gonna see the sun rise in every foreign land,  
And I will be moving before it sets again.

And only my very best friend,  
Will I allow to tag along.

Chorus:

So give me my, give me my,  
Give me my money, I wanna get on-n, on-n.  
Oh life is so, no one knows,  
How it will go on, till it s gone-n, gone-n.

[Link: \(previous chorus chords\)](#)

Chorus:

So give me my, give me my,  
Give me my money, I wanna get on-n, on-n.  
Oh life is so, no one knows,  
How it will go on, till it s gone-n, gone-n.

End on E.

That s it, a brilliant new song from Mick.

Hope you enjoyed it.
