

## Red To Blue

Mick Flannery

This is the title track off Mick's new album, unreal song hope you enjoy playing it!

I'll only write out the music for the first verse and chorus as it is the same for the rest of the song and I'll put in the links between the verses where necessary.

During the chorus I think it sounds better to play the D with the high E string open, without holding the string down so it looks like this.

```
e|---0--|
B|---3--|
G|---2--|
D|---0--|
A|---0--|
E|---X--|
```

Intro: | **G** | **F** | **C** | (x2)

They'll all pair off, they'll fall in love and they'll do fine.
```

### Verse

I seen you last night you fallin round the town,  
It ain t that hard to find some reason for you to hang around.  
You hear that silver tongue, it s drippin beads o charm,  
You dread that fool, for when you meet him, he s gonna do you harm.

#### Chorus

He ll do you harm but you keep runnin , you go run on down that line.  
He ll be passin , he will pass, you let him by.

#### Verse

That loneliness it drove you round the bend,  
You don t know why that had to happen, you only know it did.  
You re dreamin of her you re cravin all her charms,  
You can t but cry when you see her in that sailor s arms.

#### Chorus

She kept runnin , she kept runnin , God she ran on down that line,  
She messed around, she settled down, and she did fine.

#### Verse

Tell me a story, go on tell me about the pain,  
Oh California, good on ya, you re sleepin in the rain,  
You sought that heartache to see how it felt,  
You hapless fool, you couldn t help it, you did this to yourself,  
you did this to yourself.
