Am **C** **F** **G**
Just to win back my baby s heart
Am **C** **F** **G**
And to tell her I would never tire
Am **C** **F** **G**
Let it ride it you know it s wrong
 Am **F** **G**
I ll be the love that you know is gone
 Am **F** **G**
I ll be the rock that you perish upon

Am **F** **E** **Am** **F E**
Hit the road together and walk the line
Am **F** **E** **Am** **E G**
Try to make it like the good old times
Am **F** **E** **Am** **F E**
Soon the fires started went out of faith

I didn t wanna but you made me say it baby

Am **F** **G**
I didn t change I didn t change I m still here
Am **F** **G**
Let it ride let it ride and you ll see
Am **F** **G**
Come on now what went wrong I told all ya
Am **F** **G**

I didn't mean you no harm or nothing except

Am F G

To set you my baby free

Am F G

What ever kept you from leavin' me

She says it isn't working she's had her fill

Don't have it now don't think we ever will

I don't begrudge you nothing I wish you well

I wish you everything you wish yourself

I didn't change I didn't change I'm still here

Let it ride let it ride and you'll see

Come on now what went wrong I told all ya

I didn't mean you no harm or nothing

Except to set you my baby free

What ever kept you from leavin' me

Enjoy!!!!
