

Say You Will
Mick Jagger

A **D**
Cast all your fears aside And say you will, say you will be mine
And stay with me until the end of time
And help me, help me grind this mill of life
Please, say you will, say you will be mine
F#m **C#m**
And times and customs may change- And life may get dizzy
F#m **C#m**
My heart is deep in the country, But I live for the city
C#+ **F#m**
Chasing those greenfields- That lie just over the Hill
C# **D**
Isn't it time that I rested, Time to stand still?
D **E** **F#m** **Bm**
I need a lover surely as I need a friend Someone whose laughter I'll lean on
E
To tie our lives together

Cast all your fears aside- And say you will, say you will be mine
And love me, until the end of time
And help me, help me grind this mill of life
And say you will, say you Will
F#m **C#m**
We're on a ship out to sea, And it's stormy weather
F#m **C#m**
Why don't you promise to me, Devotion forever?
C# **F#m**
The hillsides are yellow and Green- And the olives still Bloom
C# **D**
We will make passionate Love, By electrical moons
D **E** **F#m** **Bm**
I need a lover surely as I need a friend Someone whose laughter I'll lean on,
E
To tie our lives together

A **D**
Cast all your fears aside Say you Will

Cast all your fears aside Say you Will

You make my heart come alive

Say you Will- Help me, help me, help me- Help me grind this mill
Grind this mill of life
Say you will
Say you will be mine
