Verse 1

**E** **F#m7**  
When you go, we ll burn your body  
**A** **F#m7** **E**  
And a toxic cloud will rise above this town so dark  
**F#m7**  
So what you got, you got no takers  
**A** **F#m7** **E**  
Think I might take the dogs a walking down my local park

Chorus

**B**  
Cause there ll always be a band to see  
**G#M**  
A book to read, a game to go to  
**B** **B/G**  
Songs to write, and pools to swim  
**B/F#** **B** **A** **E/F#** **F#M7**  
And a dog that needs a ball to throw to  
**E** **F#m7**  
So don t go yet, cause we re not ready  
**A** **F#m7** **E**  
we re not finished with you darling by a long shot, no

Verse 2

And when you go, we ll all start drinking  
Say it s what you would have wanted, say it s what you would expect  
And late that night, we ll get to thinking  
It s a mockery, a lottery, just who goes next

Verse 3

And when you re gone, and the tears are finished  
Will this town be any different? Will this town be any less?  
And will you memory, be diminished?

By the ones who follow after, who could try but never guess.
