Darlin Take Care Of Yourself Mickey Newbury

Darlin Take Care Of Yourself

Oh, I want you to know not a day passes by

I don t find myself thinking of you

I wonder and worry how you re gettin by

I know what you re goin through

A7

Friends say that you re living like there s no tomorrow

They say you re in sure need of help

C#7

Well, I know you have more than your share of sorrow

E

So darlin take care of yourself

Α7

Oh, darlin don t light a fire in the wind

When it s blowin there s no place to go

A7

Yes, there out of control it will burn like a forest

A E

Where it s been nothin will grow

Well nobody loves you like I love you

I will always be wishing you well

Honey I know you ve have more than your share of sorrow

So darlin take care of yourself

Yes I know you we have more than your share of sorrow So darlin take care of yourself
