Frisco Depot

F **Dm** **G7**
Frisco s a full hour from home if you can afford to fly
Gm **C7** **F**
But it might as well be the moon when you re as broke as I
Dm **G7**
Here I sit with my head in my hands and watch the trains go by
Gm **C7** **F** **F7**
Lord, the helping hand mission man warned me the nights here get cold

Bb **F**
When you are cold there s nothing as welcome as sunshine
C7 **F** **F7**
When you re dry there s nothing as welcome as rain
Bb **F**
When you re alone there s nothing no slower than passing time
C7 **F** **F7**
When you re afoot there s nothing as fast as a train

Well Frisco s a mighty rich town, now that ain t no lie
Why they got some buildings that reach a mile into the sky
Yet no one can even afford just the time to tell me why
Here s a world filled with people and so many people alone

Cause when you re alone, you ain t got much reason for living
But while you re alive, well, you just have to live with your pain
Unless you ve been wrong for so long there s no one left forgiving
And you find yourself searching your past for the links to the chain
