Let It Go

**A** **Bm**  
Leave a candle burnin ever low  
**E** **A**  
Don t be moved by every wind that blows  
**A7** **D**  
Save your cryin for the picture shows  
**A** **E** **A**  
And give your love to one you truly know

**A** **Bm**  
Yes I know, it always hurts to say goodbye  
**E** **A**  
So it s alright now if you need to cry  
**A7** **D**  
Ummm Ummm Ummm  
**A** **E** **A**  
Then shake that rusty chain and let it go

Chorus:

**A** **E**  
Oh, let it go now, let it flow unchained  
**A**  
All your feelin is a cleansin rain  
**A7** **D**  
Umm Umm Umm  
**A** **E** **A**  
Shake that rusty chain and let it go

There s a candle burning ever low  
Don t be fooled by every wind that blows  
Save your crying for the picture shows  
Shake that rusty chain and let it go

You can make it day to day  
You are broken only if you break  
Save the good times throw the rest away  
Shake that rusty chain and let it go

Chorus
