Sail Away

**A**                    **C#m**                    **D**                    **A**  
Come lay down beside me love and close your troubled eyes  
**D**                    **C#m**                    **Bm**                    **E**  
Let me be the pillow for your sleepy head  
**A**                    **C#m**                    **D**                    **A**  
Till the morning comes wash away your cloudy skies  
**D**                    **C#m**                    **Bm**                    **E**  
I ll be here to share your warm and loving bed

Let me be the shelter from this cold and angry world  
A bridge that will not burn a tree that will not sway  
A ship that rides the morning winds with all the sails unfurled  
Like one that will not take you where you cannot stay

**E7**                    **A**    **C#m**  
Yes, we ll sail  
**D**                    **A**  
From all the clouds of gray  
**D**                    **C#m**  
All the rain that came today  
**D**                    **E7**    **A**  
Sail away, sail away
