

Yesterdays Gone
Mickey Newbury

Yesterday s Gone

C **F C**
Yesterday s gone like the ocean

F Am **G**
Taken by the tide

C **F C**
Like the night and the morning

F Am **G**
Like a bird when she flies

Am **Em**
Yesterday s gone and it s only now

Am **Em**
A place where today used to be
F **C** **Esus4** **E**
Lost in the space of forever and eternity

But tomorrow the sun will be born in
The twinkling of an eye
Father and mother of morning
Hope of today s gone by

The beginning of all that has happened
Yet the ending of all that s to be
Just a rhyme in the line of the song only time can sing

Am **Am/G** **F**
Ah, but I ve read the book long before
D/F# **G** **G/G#** **Am**
I had learned how to read between the lines
Am\G F **C** **Esus4** **E**
I saw only what I could see through my eyes not my mind
Am
God it takes a long time
