Early in the morning too hungover to go back to sleep

D G A D G A
Every sound is amplified, every light so dizzying.

G A
Listen for a while to the neighbors having sex

G A
Wishing I could lay my aching head upon your breast.

G G/F# A
Can t I dream another dream?

G A7 A
Can t I close my eyes and wander back to sleep?

D G Bm
But I m daydreaming about you.

A G
I know that it s wrong.

D G Bm
That I m daydreaming about you

A
Cuz I ve b een daydreaming for so long.

G G/F# A D

D G A D G A
A Bloody Mary afternoon, waste my time out in the sun.

D G A D G A
Hum myself some melodies, maybe I can sing you one.

G A
Maybe I could find you sitting down at the cafe.

G A
Maybe I could join you at your table today.

G G/F# A

Can t I just get what I want?

G **A7**
Can t I be the man that steals away your heart?

D **G** **Bm**

He ll be behind the bar. I ll get a beer, leave a tip and lay low.

G **A**
I m just a kid that gets his drinks from you

G **A**
And stands around and doesn t have a clue.

G **G/F#** **A**
Can t I hold you close to me?

G **A7** **A**
Can t I ever say to you just what I mean?

D **G** **Bm**
But I m daydreaming about you.
