Turn it up, turn it down? (country,One)
Only a man can be (country One)
what his life can be!

(country one) one vision
(country one) One people
(country one) One landmass
(country one) be our defences
(country one) we have a lifeline

one ocean, one policy, see bad light,
one passion, one movement, one instant, one difference,
one life time and one understanding.

(country one)Yeahhhhhh, one country,
(country one)I..... tell you, its one country
(country one)heyyyyyyyyy (country one)

Yeah one, one, one (one country)
one, one, one, one country
one.....(country one)

one.....understanding

Transgression, redemption

one island blue, our place (magic),

one firmament, one element,

one moment, one fusion,

is so on time.
