All I want is you  
**Bbm7** **Cm7** **Fm7**

Now that youâ€™re gone, gone, gone

[Verse 2]

**Fm7** **Bbm7**  
Cause being your friend was killing me softly  
**Cm7**  
Hear voices  
**Fm7**  
Wondering where I went wrong  
**Fm7** **Bbm7**  
It was my fault, in the wrong time,  
**Cm7** **Fm7**  
I wonder so often, regret gets exhausting

(same chords progression)

Cause her eyes  
And those hips  
And that (ass)  
Donâ€™t compare, at all (no)  
And at best, all they do is distract me  
But now, deep down, when I face it

[Chorus] (x2)  
(same chords as in the first one)

All I want is you (mhm)  
All I want is you (now)  
All I want is you now (sugar)  
Now that youâ€™re gone, gone, gone, gone, gone

[Bridge]

**Fm7**

Cause they don't smile

**Bbm7**

Or smell like you

**Cm7**

No they don't make me laugh

**Fm7**

Or even cook like you

**Fm7**

And they don't photograph

**Bbm7**

Nah, they don't sex like you

**Cm7**

Let's face it, I can't replace it

**Fm7**

That's why all I want is you now...

[J.Cole]

I hit the club when you left me thinking that could heal

Trying to celebrate my Independence Day, Will Smith

Baby girl who Iâ€™m kidding

Still sick, real shit

All my new bitches seem to get old real quick

And could it be you everything these plain bitches couldnâ€™t be

Is it a sign from the Lord that I shouldnâ€™t be

Lost in the Player way sorta get old to me

Got me on layaway, girl you gotta hold on me

I say Iâ€™m wrong, you say come again

Damn, said I was wrong look donâ€™t rub it in

I got a lot on my mind

Got a flock full of dimes

Like a line full of hoes,

Look how they coming in

Just saying

You donâ€™t wanna have me then somebody will

Iâ€™m playing

Weight on my chest like I body build

Iâ€™m praying

You ainâ€™t content with trying to do your thang

Hey come back baby boomerang

[Miguel]

That's why

All I want is you now (mhhm)

All I want is you now (yeah)

All I want is you now (sugar)

Now that youâ€™re gone, gone, gone, gone

You know that you're gone (I want you back)
