

Kick Ass

MIKA

This song kicks ass. I know it s lame but it s the TRUTH. It rocks.
My tab is almost similar to the one already on UG but I added the bridge
and the rest of the lyrics. Oh, right, I remembered something else:
try to play a G -bass-note in between the chords Am and the following F.
To add a little bass to it, it s a nice touch. And not difficult ;))
Well, ENJOY this awesome song! xD

Chorus:

F **C** **Em** **Am**
We are young, we are strong, we re not looking for where we belong
F **C** **Em** **Am**
We re not cool, we are free, and we re running with blood on our knees

F C G Am

F **C** **Em**
We could rule the world, on a silver platter
Am **F**
From the wrong to the right light, to an open stream
C **Em**
With a crash and burn we could make it better
Am **F**
Turn it upside down, just you and me
C **Em** **Am**
We are the dream, no other way to be

F **C** **Em** **Am**
We are young, we are strong, we re not looking for where we belong
F **C** **Em** **Am**
We re not cool, we are free, and we re running with blood on our knees

F **C** **Em**
I could rule the world, I could make it better
Am **F**
Kick it up and down, took a chance on me
C **Em**
With your fake smile, and you think you re better
Am **F**
Gonna put it down, rip it at your feet
C **Em** **Am**
No bridge to burn, nowhere to turn for me

F **C** **Em** **Am**
We are young, we are strong, we re not looking for where we belong
F **C** **Em** **Am**
We re not cool, we are free, and we re running with blood on our knees

Bridge:

F **G** **C** **F** **G** **Am**
What do they know about us? Are they thinking of somebody else?

F **E** **Am** **F** **G** **C**
Are they wondering what we might be? Are they thinking of you or of me?

F **C** **Em** **Am**
We are young, we are strong, we re not looking for where we belong

F **C** **Em** **Am**
We re not cool, we are free, and we re running with blood on our knees
(repeat and fade)
