

**Hold Me**  
**Mikasa Mena**

Hold me

**Am**                    **D**                    **Em**                    **C**  
Some month s ago I meet a guy.  
**Am**                    **D**                    **Em**                    **C**  
I ve heard your name saw you there.  
**Am**                    **D**                    **Em**                    **C**  
Doe I Never seemed to care.  
**Am**                    **D**                    **Em**                    **C**  
You became that someone that made me stronger.  
**Am**                    **D**                    **Em**                    **C**  
Now i have the confidence to start again.

**CM**  
I need you  
**Esus4**  
I want you  
**Em**  
I love you

**Cadd2**                    **G**  
Why cant you just hold me  
**CM**    **Esus4**                    **D**  
Touch me and love me

**Am**                    **D**                    **Em**                    **C**  
I never knew that you could make me feel this way.  
**Am**                    **D**                    **Em**                    **C**  
When we spoke, your voice eased my heart  
**Am**                    **D**                    **Em**                    **C**  
and if I was down you where always around

**CM**  
I need you  
**Esus4**  
I want you  
**Em**  
I love you

**Cadd2**                    **G**  
Why cant you just hold me  
**CM**    **Esus4**                    **D**  
Touch me and love me

**CM**  
I need you  
**Esus4**

I want you

**Em**

I love you
