              A
That the look on my face
   C#m          A        E          B
Is not the way I feel inside
B                        A              C#m
If you knew all the things I do  for you go thru for you
A                  E
It would make you surprised
C#m                          F#
Sometimes a man s hope is gone
C#m          F#
But he s got to carry on
A     B          E
But you just don t realize
B                        A
All the money that I make that you burn
   C#m
So hard to earn
A                      E         B
It don t come from the skies

A                 E
You can see it right there in my eyes
C#m                        F#
When I need a place to hide
C#m               F#
And  you re not by my side
A    B          E      E7
You just don t realize
A           B            E                            E7
There is only one  way for a man to treat a woman in love
A           B                  E
There is only one way for her to be
