**G E Cadd9 G D**

**D A Cadd9 G**

**E Cadd9 G D**

**A Cadd9 G E Cadd9 G**  
i resent the way you make me like myself

My nerves jump  
like a boiling pan  
like a skillet full of oil spits,  
rattling on the burner  
when i stumble onto the thought  
of the match you lit and dropped and set the  
dial to slow yearn

i ve seen  
the dangers of  
your rising sign  
but i swear  
i d like  
to drink the fuel straight from your lighter  
it s all inside the wrist, it s  
all inside the way you time it  
i resent the way you make me like myself

can i spell it out?  
should i spell it out?

i ve seen  
the dangers of  
your rising sign  
but i swear  
i d like  
to drink the fuel straight from your lighter  
it s all inside the wrist, it s  
all inside the way you time it  
i resent the way you make me like myself
