Year Of The Dog Mike Doughty Year of the Dog Α Time tells butterfat lies Е Sweet lousy cupcakes of lies Α I ll comply and I shall play along Α E I was born in the year of the dog D And the blue black tattoo, it crawled up my arm Scribbled vines crawling my arm р And a rooster rose up and it cried an alarm Α Sounded alarming alarms E And laid on the lawn and the dawns D Of the morning got warm Queer fear in severe clear Е Scrunch your fat face like a doll Α I got made in a candy floss smog Α E I was born in the year of the dog And I drove in my car where the hills stand to shore Α Over and down to the shore р Then I threw out my dreams, so I d dream them no more Α Drown them and dream them no more Then I sat and I stared at the waves From my primer gray Ford A [instrumental break] And I m listless and lost and I cry all the time Lost and I cry all the time

D And I felt just the same, though I chuffed up a line A High but I felt just the same
