the G, C, D, Am if you don t have a capo (or like playing barre chords). --Adam

*VERSE 2:
And if you say I have no peace
Id say youre probably right
Cause I cant seem to find it

From the top of the morning to the bottom of the night
So sick, so sick of walking in darkness
Oh please shine your light
*Repeat PRECHORUS
*Repeat CHORUS
*2ND CHORUS:
Tell me where to run and thats where I ll go
I want so bad for once just to finally know
That Im not above and Im not below
The place that you want me
*BRIDGE:
     G
Ive burned so many bridges
Im running out of bridges to burn
Ive failed so many times
                           Am
Im wondering if I ll ever learn
Its you I need, Its you I want,
Its you who can complete
This very world, this very life
```

That youve begun in me

- *Repeat CHORUS

That you call my life
