when she walked in a room

A

E

she could own you

A

E

if she wanted to

A

E

take your soul away from you

A

E

leave you standin on the avenue

B

all brokenhearted

if you didn t know

she s got a fire down below

and if she showed you

you d get caught up in that glow

then you d lose all self control

now you beg her not to go

once you got started

out your name
E A E A B
Angelina

my eyes follow
you across the street
evening shadows
swallowed up your feet
and i slip back in the dream
but i woke up in between
to find you sleeping

i touched you
ran my fingers through your hair
you smiled faintly
and you caught me unawares
when you led me up the stairs
to that place inside you where
my world you ve been keeping
