D F C G  
I don t wanna hear what s on your mind  
D F C G  
I don t wanna feel like I m feelin now  
D F C G  
Everything is just a waste of time

Refrão -----

D A# F C  
Now everything is upside down  
D A# F C  
Everthing has got a shade of blue  
D A# F C  
I don t know if it s something that ll pass away  
D A# F C  
Or something that I gotta get used to  
-----

I don t wanna have to think about it anymore  
I want to lock it all away in my loft  
How can you stand there lookin down upon me now  
How can you tell me everthing s my fault

(Chorus)

D# A#  
Every now and then I think about what might ve been  
G# G  
But that only brings me down again

(Chorus)
