

**Haunt Me No More**  
**Mike McClure**

Intro: C F C F

I m getting older and my hair is turning grey  
I ain t been sober, in about a month of Sundays  
My life is changing, God sometimes it goes so fast  
All my old friends, seem more like old ghosts from the past

Refrão -----

But they don t haunt me no more  
When they rattle their old chains around my door  
I just let em in, and let em sleep on the floor  
Cause I ain t scared of anything, or anyone anymore

-----  
Sometimes when you re running, it s best to just slow down  
When life ain t fun no more, better take a damn good look around  
Go make some changes, this is your canvas to paint  
And don t let nobody, try to tell you that you can t

Chorus
