

**Just Not Good Enough**  
**Mike McClure**

C D  
Sometimes I wonder where you re gonna go  
C D  
And I wonder if you do the same  
C D  
And I wonder how we re gonna feel  
C D  
When we hear each other s names  
C D  
I m tired of living in this atmosphere  
C D  
It s like a weight upon my chest  
C D  
Tell me what else do you want from me  
C D  
I gave you nothin but my best

Refrão -----

G D  
Was it just not good enough for you  
G D  
Was it just not wide enough for you to run through  
G D A  
Was it just not deep enough for you to dive into  
G  
Was it just not good enough  
G  
Was it just not good enough  
G D  
Good enough for you  
-----

I got a brand new set of smilin eyes  
And their souls are not as worn  
And there s a blanket that we layed down on  
And wait the new day to be born  
And I know sometimes you ll cross my mind  
And I know I ll cross yours too  
But you can t hold back these hands of time  
I just did what I had to do

(Chorus 2x)
