Intro: **A, E, A, E, A, E, B, E**

A **E**
Won t you take me to the place

A **E**
Where you like to hide

A **E**
Open up your jewelry box

A **E**
And let me put my love inside

Won t you take me to the pastures
Where your wild horses run
Cover me with amber
From your morning sun

Chorus:

A **E**
My sweet Lily of the valley

A **B**
A finer woman has never been born

A **B** **A** **E**
You re my redemption for the miles I ve traveled

E **B** **A**
You re my angel when my wings are torn

Won t you walk with me a while
In the shade of the grove
Let s lay down in the tall grass
And talk of things untold

We can wade out in the water
We can dunk each other down
And a new way can rise up again
And the old ways ll drown

(cho: 2x)
