

She Gets To You
Mike McClure

E **A** **E**
Sitting there in your crush red velvet jacket
E **A** **B7**
With your bottle of wine and your blues
E **A** **E**
Trying to find some piece of mind from that racket
E **B7** **E**
As the darkness finds its way to your room

Refrão -----

A **E**
You know your lonely right down to the bone
B7 **A** **E**
Cause she s the only one that you can t leave alone
A **C#m**
You ve seen a thousand as you ve gone passing through
B7 **E**
But she s the only one that gets to you

Sitting there way up on top of your mountain
Sure seems to me like you got it all
I sure hate to see you come sliding
Cause there aint nothing there to break your fall

Chorus

Yea she s the only one that gets to you
