

**The Streets Of Aragon**  
**Mike McClure**

**Em** **C**  
When the first shot hit the streets  
**G** **C**  
I can't say I was surprised  
**Am** **C**  
Angel stood up on the terrace  
**D**  
Hailing Mary with her eyes  
**Em** **C**  
I remember those megaphone crowds  
**G** **C**  
As ministers and generals looked on  
**Am** **C**  
Angel was the first queen to run with the bulls  
**D**  
Through the streets of Aragon

Refrão -----

**G** **G/F#** **Em**  
Yeah they watched a city fall in the fires of hate  
**C** **D**  
Put the pearls with the swine and shut the gate  
**G** **G/F#** **Em**  
Flooded wrong with the waters of Babylon  
**C** **D** **G**  
Through the streets of Aragon  
-----

Yeah we stared at that Cathedral's facade  
Was nothin' just some holy shell  
Cuz all the foreign dignitaries  
Knew our beloved queen so well  
I remember machine gun masses  
Hangin' out into the dawn  
Angel was the first queen to drag her bed sheets  
Through the streets of Aragon

(Chorus 3x)
