

Moonshine

Mike Oldfield

Intro: G G Emi D/F# x2

Verse:

G D/F# Emi
Walkin out on a stormy day
C G
The cold wind, the fine sea spray
G D/F# Emi
Lookin out over Gallway bay
C
The troubled sky, all dark and grey

PreChorus:

C C/B Ami G D/F#
Far from these shores there stands liberty
G
So let it be
C C/B Ami G D/F#
But every while I would remember

G D/F#
The day we drank moonshine in the rain
C G
And raised our glasses to the wind
C G
The day that we dreamed we could be free
Emi D
And ride on the wings of liberty
G D/F#
So here s one more for our friends
C G
And here s one for our children
C G
Feeling the cold rain on our fingertips
Emi C
And liberty on our lips

verse 2: Same chords as verse 1

G D/F# Emi

So we paid our dues and we packed our rags

Made it through Ellis Island s ranks

Across the waves to America
C G
Hearts and souls to the stripes and the stars
C C/B Ami G D/F#
Far from our shores we found liberty
G
So let it be
C C/B Ami G D/F#

The day we drank moonshine in the rain
C G
And raised our glasses to the wind
C G
The day that we dreamed we could be free
Emi D
And ride on the wings of liberty

Appalachia never looking back

Through the wind and rain and the cold and pain

All of this life we strive to be free
