 [Intro]
B F# G#m E
[Verse 1]
В
                                      F#
You re the one, you re the one to tear me down
The only one, the only one to build me up
в
When I m forgetting what we re about
                                  F#
You re helping reminding me what we could be, oh
 G#m
Spitting it out and killing my doubts
Cause, baby, your honesty just comforts me, yeah
[Pre-Chorus 1]
Soldier on
                   F#
Soldier on, just keep on fighting
 Cause without you I m so incomplete
[Chorus]
When the sky is falling down
                                 F#
                                           G#m
Ain t got no doubt that you and I will prevail
 G#m
Just go ahead and lean on me
   G#m
                               (E)
 Cause, baby, we are rocksteady
When things don t go as planned
                                    F#
                                           G#m
Just take my hand, I ll show that I m not afraid
 G#m
Just go ahead and lean on me
 Cause, baby, we are rocksteady
```

```
[Post-Chorus]
                     F#

                                    Е
 Cause, baby, we are rock-stea-dy
When things don t go as planned
                                            G#m
                                  F#
Just take my hand, I ll show that I m not afraid
G#m
Just go ahead and lean on me
 Cause, baby, we are rock-stea-dy
[Verse 2]
В
                                F#
                                            G#m
You re the one, you re the one who stick around
The only one, the only one to hear me out
When I am lost lost and loosing my cause
                              F#m
You hand it decisively and guiding me, yeah
G#m
Feeling the spark, a light in the dark
And baby, you re rising me back on my feet
[Pre-Chorus 2]
Soldier on (yeah)
                   F#
В
Soldier on, just keep on fighting
                  G#m/F#
With you I will never face the heat
Oh, no, no, no, no
[Chorus]
When the sky is falling down
                                 F#
                                           G#m
Ain t got no doubt that you and I will prevail
 G#m
Just go ahead and lean on me
 Cause, baby, we are rocksteady
When things don t go as planned
                                           G#m
                                    F#
Just take my hand, I ll show that I m not afraid
 G#m
```

```

(Ooh) Cause, baby, we are rock-stea-dy
(And we are, and we are)
When things don t go as planned
                                   F#
                                             G#m
Just take my hand, I ll show that I m not afraid
Just go ahead and lean on me
Cause, baby, we are rocksteady
[Chorus]
В
When the sky is falling down
                                           G#m

Cause, baby, we are rocksteady
When things don t go as planned
                                   F#
                                           G#m
Just take my hand, I ll show that I m not afraid
Just go ahead and lean on me
 Cause, baby, we are rocksteady
