Running From My Shadow (feat. Grandson)
Mike Shinoda

[Intro]   **F#m**

[Primeira Parte]

          F#m
Wanna know where I don t go
             F#m
When it goes from OK to a oh no
               F#m
When it goes from hi five to a low blow
                F#m
When it goes from all five to a solo
            F#m
Lemme tell you what you don t know
        F#m
I been down so low I was
              F#m
Looking for something but denying that I found it
      F#m
There s an elephant sitting in the room
               F#m
And I can t find another way to tiptoe around it
     F#m
I been doing greater good for a long time
   F#m
But I can t find any other way to give now
      F#m
I been putting myself on the sideline
        F#m
And it s been time so I m saying can I live now
           F#m
There are times when I kick myself
 F#m
Say I m not sick but I can t get well
 F#m
Say I got this while I chase my tail
   F#m
As if they can t tell

[Refrão]

          F#m
I m running from my shadow
 E
Running from my shadow
      B   **A**
But it s still there chasing me down

```
                        F#m
I ll never win the battle
  E
Never win the battle and
      B                        A
I should have known it by now
                          F#m              E
Just when I think I ve found the end
                  B          A
I m going back around again
                  F#m
Running from my shadow
   E
Running from my shadow
             B                        A
But it s still there chasing me down

[Segunda Parte]

  F#m
Light side s got a dark side to it
  E
Daytime flows into night like fluid
      B/D#
The yin and the yang with a curved line through it
        D
And none of it s illuminating why I do it

F#m
 Maybe I didn t want to chase what was not right
E
 Maybe I didn t want to face you were offsides
B/D#
 Thinking I was far away from a crossed line
D
 But I was giving soft praise to a hard lie
F#m
 There are things that you say and you don t say
E
 My tongue s gotten real tired of me biting it
B/D#
   Cause I keep on following the wrong way
D
 Time s come and I can t keep denying it
F#m
 There are times when I kick myself
  E
Say I m not sick but I can t get well
 B/D#
Say I got this while I chase my tail
          D
As if they can t tell
```

[Refrão]

                            F#m
I m running from my shadow
  E
Running from my shadow
          B   **A**
But it s still there chasing me down
                       F#m
I ll never win the battle
  E
Never win the battle and
     B   **A**
I should have known it by now
                     F#m   **E**
Just when I think I ve found the end
                B   **A**
I m going back around again
               F#m
Running from my shadow
  E
Running from my shadow
          B   **A**
But it s still there chasing me down

[Ponte]

F#m   **E**
  I love you but I know
                 B/D#
I gotta let you go
             D
Dancing with the devil
                   F#m
Cause she s all I ve ever known
          E
Wanted to pretend
             B/D#
That this time was the end
        D
Sorry but I guess
             F#m
I gotta let you down again
F#m
Again
F#m
Again
N.C.
Running from my shadow
Now my shadow is my only friend

[Solo] **F#m** **E** **B/D#** **D**

```
                      F#m      E
Running from my shadow
          B/D#                      D
But it s still there chasing me down

(  F#m   E   B/D#   D   )

                      F#m
Running from my shadow
  E
Running from my shadow
          B/D#                      D      F#m
But it s still there chasing me down
