A = 577655 or x02220

D = xx0232

C#m = x46654

Bm = x24432

Introduction and verse: **A, D**

I ve been searching for love
I m sorry I escaped you
I wonder how I will end
For now, I ll carry to push on through
And bite my jealous lip
And hope to turn it to a kiss

Chorus: **A, C#m, D, Bm**

Take this night from me girl
You re stunningly divine
Take this night from me girl
You re the love I ve been searching for
Cause I will be true, I will be faithful
And that s not like me
So take the night from me

Verse: **A, D**

And now my worried concave of thoughts
Won t linger anymore
Because I ve been trying my best
Yet still I ve been skipping through my years
To cover my sacred tears,
Ready for the heartaches and fears

Chorus: **A, C#m, D, Bm**

Take this night from me girl
You re stunningly divine
Take this night from me girl
You re the love I ve been searching for
Cause I will be true, I will be faithful
And that s not like me
So take the night from me

Take it from me
And then darling you will ask me where I ve been
Take it from me
Take it from me
Take it from me
Take it from me
