   We re held together just by a string

   While you re hangin  round with your crew

   I m here balancin  too many things
```

      I believe in more than you can see
           Db             Ab/C
      And you know I m never givin  up
             Bbm
      I ain t stoppin  till I know I m free
