

**Goodbye**  
**Miley Cyrus**

[Verse]

**G** **D** **Em**  
I can honestly say you've been on my mind  
**C**  
Since I woke up today (up today)  
**G** **D** **Em**  
I look at your photograph all the time  
**C** **Em**  
These memories come back to life  
**D**  
And I don't mind

[Chorus]

**G** **D**  
I remember when we kissed  
**Em** **C**  
I still feel it on my lips  
**G** **D**  
The time that you danced with me  
**Em** **C**  
With no music playing  
**G** **D**  
I remember the simple things  
**Em** **C**  
I remember till I cry  
  
But the one thing I wish I'd forget  
The memory I wanna forget  
**G**  
Is Goodbye

[Verse]

**G** **D**  
I woke up this morning  
**Em**  
And played a song  
**C**  
And through my tears, I sang along  
**G** **D** **Em**  
I picked up the phone and then put it down

Cause I know I'm wasting my time
