

I Get So Scared  
Miley Cyrus

**D** **Em**  
They say love grows, but I ve only seen it die  
**D** **Em**  
I m too young to feel like I m runnin out of time

**D**  
I get so scared  
**Em**  
Thinkin I ll never get over you  
**D**  
I ll always be making a compromise  
**Em**  
No matter what I do, ooh  
**D** **Em**  
And maybe I ll never get over you

**D** **Em**  
I ve heard no one controls what happens in our lives  
**D** **Em**  
The universe gets to decide, our future is written up here in the sky

**D**  
And I get so scared  
**Em**  
Thinkin I ll never get over you  
**D**  
Everything I ve imagined  
**Em**  
And none of our plans coming true

**D**  
I met someone new and now I m scared to go all the way  
**Em**  
I hear you in my mind and can t let go of what you used to say  
**D**  
I m freakin , it s repeating when you said there ll never be a day  
**Em**  
When letting go feels like before tonight we re tryin anyway

**D**  
And I get so scared  
**Em**  
Thinkin they ll all be just like you  
**D**  
All the ways that you hurt me  
**Em**  
And all of the shit you put me through

**D**

But, baby

**Em**

I m only just like you

**D**

**Em**

Or maybe, I ll never come close to you

**D**

**Em**

So maybe, I ll never get over you

**D Em**

Baby
