

I Get So Scared
Miley Cyrus

D Em
They say love grows, but I ve only seen it die

D Em
I m too young to feel like I m runnin out of time

D
I get so scared

Em
Thinkin I ll never get over you

D
I ll always be making a compromise

Em
No matter what I do, ooh

D Em
And maybe I ll never get over you

D Em
I ve heard no one controls what happens in our lives

D Em
The universe gets to decide, our future is written up here in the sky

D
And I get so scared

Em
Thinkin I ll never get over you

D
Everything I ve imagined

Em
And none of our plans coming true

D
I met someone new and now I m scared to go all the way

Em
I hear you in my mind and can t let go of what you used to say

D
I m freakin , it s repeating when you said there ll never be a day

Em
When letting go feels like before tonight we re tryin anyway

D
And I get so scared

Em
Thinkin they ll all be just like you

D
All the ways that you hurt me

Em
And all of the shit you put me through

D

But, baby

Em

I m only just like you

D

Em

Or maybe, I ll never come close to you

D

Em

So maybe, I ll never get over you

D Em

Baby
