Lets Dance
Miley Cyrus

F#m
The weekend s almost done
F#m   **Bm**
The moon is low in the sky
I feel like going out
                                                C#7
Before the night passes by
                        F#m
I won t just sit around
            D   **C#7**
When life becomes a drag
        F#m
I dance
                    F#m
I like the bass (turn it up, turn it up, turn it up)
                    Bm
I like the boom (turn it up, turn it up, turn it up)
                    C#7
I need guitar (turn it up, turn it up, turn it up)
                        F#m   (N.C.)
I like that drum, when it goes... (boom boom boom)

[Chorus]
            F#m
Let s dance
What the weekend, what the night is all about
            Bm
Let s dance
Grab your girlfriends, grab your boyfriends
Sweat it out
            C#7
Let s Dance

Let s start the party
F#m
To much rock for one girl can make her go crazy
I need someone to dance with me baby
(Dance)

                        F#m
The musics on (turn it up, turn it up, turn it up)
                        Bm
My favorite song (turn it up, turn it up, turn it up)
                    C#7
The beat is strong (turn it up, turn it up, turn it up)
            F#m
