Capo 1

intro

Eb, **F#**, **C#**, **G#** (same chords throughout)

```
 Eb             F#              C#
Its been like this from the start
                     G#
One piece after another to create my heart
Eb              F#               C#
You messed up the game for being smart
                 G#
Stand here, sell this, and hit your mark

        Eb               F#
But the sound of the steel
                          C#
it will crush, and it will grind
               G#
It will scream who am I, to decide my life
 Eb              F#
But in time it will die, they ll be nothing left inside
     C#           G#                          Eb
just rush and metal that was never even mine
        F#        C#             G#
I will scream, but im just this hallow shell
Eb        F#          C#
Waiting here, begging please
 Eb                    C#
God set me free, so I can feel HEY

 Eb             F#             C#
Stop trying to live my life for me
                  G#
I need to breath, im not your robot
 Eb               F#                  C#
Stop telling me im a part of this big machine
               G#
Im breaking free, cant you see
      Eb          F#
I can love, I can scream
```

```
       C#                    G#
Without somebody else operating me
 Eb          F#                 C#
You gave me eyes, so now i see
           G#
Im not your robot, im just me

Eb, F#, C#, G#

All this time, Ive been misled
There was nothing but cross-wires in my head
Ive been taught that what I feel doesn t matter at all
so you say its real
I will scream, but im just this hallow shell
Waiting here, begging please
set me free, so I can feel HEY

Stop trying to live my life for me
I need to breath, im not your robot
Stop telling me im a part of this big machine
Im breaking free, cant you see
I can love, I can speak
Without somebody else operating me
You gave me eyes, so now i see
Im not your robot, im just me
Im not your robot, im just me
Im not your robot

I will scream, but im just this hallow shell
waiting here, breaking free
set me free, so I can feel HEY
Stop trying to live my life for me
I need to breath, im not your robot
Stop telling me im a part of this big machine
Im breaking free, cant you see
I can love, I can speak
Without somebody else operating me
You gave me eyes, so now i see
Im not your robot, im just me
Im not your robot, im just me
Im not your robot
