Α
stay still in this state of tears
keep quiet so no one will hear
                      A/G#
say nothing about your fears
wait for him to whisper stop in your ear.
CHORUS:
change for me, become better
or am i wrong to wish for such?
please change for me, it's for the better
am i just naive to wish for such?
                A/G#
emotionless, yet feeling
inexplicable, painful, deceitful smiling
                     A/G#
listen to what you're uttering
can't you hear yourself praying?
