Here it is, the tab for the new MillenColin song, No Cigar,
taken from Punk-o-Rama 5, tabbed by myself, and Alex Pitt, for our band
The Mr. Kipling Experience
(<http://user.itl.net/~johni/mrkiplingexperience/index.html>) so
that we could play it. It is all out own work, so we take the
credit, i thank you.

NB - bass plays the same chords as the guitar during the song, no special
tuning (like drop tuning) needed.

this is all played as barre chords, and should be done playing the DAE
strings, not all 6, to get the more punk sound than full barre chords.

Verse tabs are as follows:

C#, E, A, F# (repeat these, but go back to A before going to verse)

e|-----
B|-----
G|-6--9-----
D|-6--9--7--4-----
A|-4--7--7--4-----
E|-x--x--5--2-----
C# E A F#

Chorus tabs are as follows:

E, F#, A (repeat **Em**)

```
e|-----  
B|-----  
G|-----  
D|-9--11--7----  
A|-9--11--7----  
E|-7--9---5----  
  E F# A
```

Bridge:

F#, A (repeats **A** few times)

```
e|-----  
B|-----  
G|-----  
D|-4--7----  
A|-4--7----  
E|-2--5----  
  F# A
```

And of course for the second guitar part which appears now and then, do the following:

```
e|-----  
B|-9999-9999----  
G|-9999-8888----  
D|-----  
A|-----  
E|-----
```

just repeat that enough times, and it ll sound good, needs to be done with a clear tone on the guitar though, and everything is done with punky overdrive, and palm muted as well in some places. listen to the song to figure out the order, and when to PM or not.
