SAVED BY HELL - Millencolin  
-----

Tabbed by: dodlhuat  
Tuning: Standard

**Bbm**  
Trouble down on my own street  
**Bbm** **F#**  
Domestic violence on repeat  
**G#** **Bbm**  
Smashed up doors and yelling again  
**F#** **Bbm**  
Some say you are insane  
**Bbm**  
But I don t think so I love you  
**Bbm** **F#**  
When you are smiling I am too  
**G#** **Bbm**  
The only troubles I have are yours  
**G#** **Bbm**  
Please just make them end  
**G#** **Bbm**  
Until they find you something that cures  
**G#** **Fm**  
I hide away at friends

**Bbm**  
I was saved by the bell  
**F#**  
or rather saved by hell  
**G#**  
Because it didn t kill me  
**F#**  
no it rather drilled me  
**Bbm**  
To be doing well

My friends look forward to friday night  
While I am anxious  
for the weekend fights  
In a small apartment  
there s nowhere to run  
When chaos has begun  
I hold my ears to dull the noise  
But I can still hear your loud voice

I hide under my bed til it s gone  
Why can t you get along?

I was saved by the bell  
or rather saved by hell  
Because it didn t kill me  
no it rather drilled me  
To be doing well

I was saved by hell  
and now I m doing well  
It didn t kill me then  
It will not kill me now.
