

Vicious Circle  
Millencolin

C#m A E E

C#m A  
I see the sunlight on your face

E  
I see the darkness in your eyes.

In my mind, that s lover s paradox.

C#m A  
I always try to give you space

E  
No way to cut you down to size

B  
We got lost in our heart shape box.

C#m A  
Oh, should we try to have some kids

E  
Or should we just go separate ways?

Or best yet, why don t we move abroad?

C#m A  
Maybe Belgrade or Madrid

E  
But we can get out of this maze

B B7  
It sounds like we re both confused and bored.

E B  
So tear me up and knock me down

F#m A  
Just like a vicious circle no one gets around.

**E** **B**

I messed you up to watch you frown.

**F#m** **A** (hold)

Just like a vicious circle no one gets around.

**C#m** **A**

You know that I depend on you,

**E**

You know that you depend on love.

And then love, well, love depends on me.

**C#m** **A**

From my subjective point of view,

**E**

It never works like hand in glove.

**B** **B7**

But still I, I hope you disagree.

**E** **B**

So tear me up and knock me down

**F#m** **A**

Just like a vicious circle no one gets around.

**E** **B**

I messed you up to watch you frown.

**F#m** **A**

Just like a vicious circle no one gets around.

**C#m** **B** **E**

And I'm tired of you being tired of me, oh yeah, that's right

**C#m** **B** **E**

Sometimes I wish we just could let it be.

**C#m** **D#7** **E**

And I'm tired of me being tired of you, it's something, yes,

**C#m** **B** **A**

Sometimes you wish you meet somebody new.

**A**

You... sometimes I wish that too.

**E B**

**F#m**
