

**Son My Son**  
**Milo Greene**

Capo 5

**C**

Son, my son

The weight is unique

**Am**

One, by one

The words are complete

**F**

Your testing is calling

And we are still falling

**C**

For keeps

**Am**

(**F**)

**G**

Just remember the weight of your world s

**F**

**C**

Only resting on me

Truth, so true

Slight tendency

For two by two

To be as they meet

Your waltz like repeating

Continues your dreaming

In threes

You will bury that hatchet with an olive branch

Tied to your knee

**F**

Only

**Em**

Only when you re sleeping

**F**

Only

**Em**

Only when you re sleeping

Son, my son

The weight is unique

One, by one

The words are complete

Your testing is calling

And we are still falling

For keeps

Just remember the weight of your world s  
Only resting on me

Only  
Only when you re sleeping  
Only  
Only when you re sleeping

**F**

I will never run

**Am**

I would never run you away

I will never run  
I would never run you away  
Son my only son  
I will never run you away  
I will never run  
I will never run you away

I will never run  
I will never run  
You  
Away
