              (by ede)

/**Capo on 4th frat**/

[Intro]
Dm   G   C   Fmaj7

[Verse]
        Dm   **G**
They say everything has its reason
   C   **Fmaj7**
Today I have my doubts
      Dm   **G**
Like 22 children on a bus go into
    C   **Fmaj7**
A tunnel and never come out

[Bridge]
Dm   G   C   Fmaj7

[Verse]
             Dm   **G**
They say the higher that you climb
     C   **Fmaj7**
The further that you fall
      Dm   **G**
Like 22 dreams come true
                  C   **Fmaj7**
And then they crash into a concrete wall

[Chorus]
C   **F**   **G**
You can dig a hole when the mountain s too high
C   **F**   **G**
You can build a bridge where the river s too wide
     Am   **G**
But what do you do when your head hangs heavy
        F   **C**
And the weight is in your chest
   Am   **G**

Today I can t seem to figure out
      F   **G**   **C**
How the worst brings out the best

[Verse]
       Dm   **G**
They say everything has its reason
  C   **Fmaj7**
Today I have my doubts
     Dm   **G**
Like 22 children on a bus go into
   C   **Fmaj**
A tunnel and never come out

[Verse]
        Dm   **G**
They say time will heal all wounds
  C   **Fmaj7**
Today there s only pain
    Dm   **G**
Like 22 children on a bus came home
     C   **Fmaj7**
In the belly of a military plane

[Chorus]
C   **F**   **G**
You can dig a hole when the mountain s too high
C   **F**   **G**
You can build a bridge where the river s too wide
   Am   **G**
But what do you do when your head hangs heavy
      F   **C**
And the weight is in your chest
  Am   **G**
Today I can t seem to figure out
      F   **G**   **C**
How the worst brings out the best
