

Hope For The Hopeless
Milton

Em **D** **C** **G-Em**
 Iâ€™ve seen so many people pass before my eyes
D **C**
 Like weary figures in the fashion play
Em **D** **C** **G-Em**
 Iâ€™ve watched them try to reach and touch the stars above
D **C**
 But oh the stars are burning far away
Em **D** **C** **G-Em**
 Iâ€™ve seen so many stumble when the light grows dim
D **C**
 Crushed beneath the mantle of the night
Em **D** **C** **G-Em**
 And do we hear their cries above our pounding hearts
D **C**
 Or let them disappear from sight

Chorus:

Em **C** **G** **D**
 Hope for the hopeless, hope for them all
Em **C** **G** **D**
 Hope for the lonely, strangers who call
Em **C** **G** **D**
 Rest for the restless, rest for their lives
 C **D** **Em**
 Jesus the hope for us all

Verse II:

Em **D** **C** **G-Em**

And where are we when all the prisoners ache to find

D **C**

Freedom from their long defeated soul

Em **D** **C** **G-Em**

And will be build a fire of hope deep in their eyes

D **C**

Beyond their long forgotten goal
