## Hope For The Hopeless Milton

I've seen so many people pass before my eyes Like weary figures in the fashion play  $\hat{\mathsf{la}} \in \mathsf{TM}$  ve watched them try to reach and touch the stars above But oh the stars are burning far away G-EmD I've seen so many stumble when the light grows dim Crushed beneath the mantle of the night C And do we hear their cries above our pounding hearts D Or let them disappear from sight Chorus: Hope for the hopeless, hope for them all Hope for the lonely, strangers who call Rest for the restless, rest for their lives D Jesus the hope for us all Verse II: D C G-Em And where are we when all the prisoners ache to find Freedom from their long defeated soul And will be build a fire of hope deep in their eyes Beyond their long forgotten goal repeat cho: Bridge: Where would we be with out your love What would we sing with out your song Where would we go with out your light our ways

What would we feel with out your heart

G

What would we see with out your eyes

Oh jesus We depend on you repeat cho:

thats all... that easy for you all who
