All About Your Heart Mindy Gledhill

```
[Verse 1]
I don t mind your odd behavior
It s the very thing I love
If you were an ice cream flavor
You would be my favorite one
My imagination sees you
Like a painting by Van Gogh
Starry nights and bright sunflowers
Follow you where you may go
[Chorus]
Oh, I ve loved you from the start
In every single way
And more each passing day
You are brighter than the stars
Believe me when I say
It s not about your scars
It s all about your heart
[Verse 2]
You re a butterfly held captive
Small and safe in your cocoon
Go on you can take your time
Time is said to heal all wounds
[Chorus]
(same as above)
```

Oh, I ve loved you from the start
In every single way
And more each passing day
You are brighter than the stars
Believe me when I say
It s not about your scars
It s all about your heart

[Bridge]

F

Like a lock without a key

F Am F

Like a mystery without a clue

F Am G

There is no me if I cannot have you

[Chorus]

(same as above)

Oh, I ve loved you from the start
In every single way
And more each passing day
You are brighter than the stars
Believe me when I say
It s not about your scars
It s all about your heart
